TSCA Declaration Letter

Date: July 09, 2025

TSCA Declaration Letter

To Whom It May Concern:

This letter serves as a formal declaration regarding the compliance of all products manufactured and/or imported by E-Z LOK with the requirements of the U.S. Toxic Substances Control Act (TSCA).

This declaration applies broadly to all E-Z LOK products, including those manufactured domestically and those imported into the United States.

To the best of our knowledge, and based on information and certifications provided by our suppliers, E-Z LOK products comply with all applicable TSCA requirements.

E-Z LOK products are comprised of chemical substances that are listed on the TSCA Chemical Substance Inventory or are otherwise exempt from notification requirements. Our products are considered articles under TSCA, and as such, do not intentionally release chemical substances under normal conditions of use.

This declaration is based on supplier certifications and declarations regarding the chemical composition and regulatory compliance of materials supplied to E-Z LOK. E-Z LOK has not independently tested all substances but relies on these documented supplier representations.

E-Z LOK monitors changes in TSCA regulations and supplier disclosures and will update this declaration as necessary to maintain compliance.

If you require further information or clarification, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Schaeper', written over a horizontal line.

Steve Schaeper
Division Manager
